## Polycom<sup>®</sup> VSX<sup>™</sup> 7000s Features and Benefits

	Video
H.264 Video	<ul> <li>Use less bandwidth to conduct video calls of equal quality compared to calls using the H.263 standard</li> </ul>
	<ul> <li>Unparalleled video quality for lower line rate applications</li> </ul>
	<ul> <li>More bandwidth is available for other business</li> </ul>
	Cost savings to any organization
	<ul> <li>Supported at data rates from 64Kbps to 768Kbps</li> </ul>
Pro-Motion™ H.263	Full-screen, TV-like video quality with fluid, precise motion handling
	<ul> <li>Greater image detail with 50/60 fields per second</li> </ul>
	<ul> <li>Most natural video communications experience possible</li> </ul>
Single Monitor XGA Support	<ul> <li>Use a XGA display for main display</li> </ul>
	<ul> <li>Clearly see both the presenter and the content on a single display in XGA resolution</li> </ul>
	<ul> <li>Flexibility in configuration, allowing users the display of their choice</li> <li>Supports up to 1024 x 768 resolution</li> </ul>
Support for 16:9 or 4:3 Format	User selectable display format
	<ul> <li>16:9 aspect ratio with Dual Monitor Emulation is perfect for plasma</li> </ul>
	displays
	<ul> <li>High resolution graphics displays for content presentation</li> <li>Option to zoom video to fit the 16:9 display</li> </ul>
Video Error Concealment	Reduced video drop-out on busy IP networks
	<ul> <li>Smooth, continuous video without interruptions</li> </ul>
	<ul> <li>Maintain active face-to-face contact</li> </ul>
	<ul> <li>Accomplish meeting objectives without worrying about the video</li> </ul>
	integrity
	<ul> <li>Activates automatically, only when needed</li> </ul>
	Content Sharing
People+Content™, H.239	<ul> <li>Polycom People+Content or standards based H.239 ensures</li> </ul>
	interoperability in the industry
	<ul> <li>Dual images allows the far end to see the presentation and the apackage at the same time.</li> </ul>
	<ul><li>speaker at the same time</li><li>Using Polycom's Visual Concert VSX, easily attach a laptop and</li></ul>
	display PC content during a video call
	<ul> <li>Perfect for outside speakers/visitors to be able to easily add content</li> </ul>
	to a video conference
People+Content IP	<ul> <li>Simply input the IP address of your VSX 7000s into a small utility and PC content is easily shown to all conference participants</li> </ul>
	<ul> <li>This feature can be used by anyone in the conference, even voice-</li> </ul>
	only participants!
Adjustable Bandwidth for Content	Choose the amount of bandwidth to dedicate to Content or People
	Options include 90% Content/ 10% People; 50% Content/ 50%
	People; 10% Content/ 90% People
	<ul> <li>User adjustable setting can be accessed both during a call and outside of a call</li> </ul>
Dedicated VCR/DVD Connection	Ability to use line level inputs for other devices
Dedicated VCR/DVD Connection	<ul> <li>Easily play VCR/DVD movies/images during a video conference</li> </ul>
	<ul> <li>Adds another dimension to the conference, making it like "being there"</li> </ul>
	<ul> <li>By setting it to content input you can see both the speaker and the</li> </ul>
Multiple Content Sources	DVD/VCR image     Second camera source (i.e. doc camera/VCR/DVD) images can be
Multiple Content Sources	<ul> <li>DVD/VCR image</li> <li>Second camera source (i.e. doc camera/VCR/DVD) images can be seen as content, along with people</li> </ul>
Multiple Content Sources	<ul> <li>DVD/VCR image</li> <li>Second camera source (i.e. doc camera/VCR/DVD) images can be seen as content, along with people</li> <li>Now all sources of content (PC, 2<sup>nd</sup> camera, VCR, etc.) show up on the second screen/monitor – they never displace the person/group</li> </ul>
Multiple Content Sources	<ul> <li>DVD/VCR image</li> <li>Second camera source (i.e. doc camera/VCR/DVD) images can be seen as content, along with people</li> <li>Now all sources of content (PC, 2<sup>nd</sup> camera, VCR, etc.) show up on</li> </ul>

	<ul> <li>Flexible bandwidth settings for adjusting people and content</li> </ul>
	User Interface
Support for API Control Commands	<ul> <li>Custom control touch panel integration including AMX<sup>®</sup> or Crestron<sup>®</sup> is made easy with extensive support for API command set</li> </ul>
	<ul> <li>Integrator's Reference Manual for VSX Series details over 200 commands for special applications</li> </ul>
	<ul> <li>Sample control templates are available for touch panel integration that provides basic functionality right out of the box</li> </ul>
Calendar & Call Scheduler	<ul> <li>Quick and easy access to a monthly calendar with current date and time posting</li> </ul>
	<ul> <li>Schedule individual or repeat meetings to dial automatically</li> <li>Create and save multipoint team meetings</li> </ul>
Customizable Home Page	<ul> <li>Display only the necessary buttons</li> <li>Unique design to meet your organization's needs</li> </ul>
	<ul> <li>Simplified graphical interface for novice users</li> </ul>
	<ul> <li>Easy to understand icon driven menu navigation decreases learning curve</li> </ul>
	<ul> <li>Kiosk Mode allows you to create a look and feel that suits your application</li> </ul>
	<ul> <li>Leads to increased use of video</li> </ul>
Dual Monitor Emulation	<ul> <li>Use Dual Monitor Emulation for the most efficient use of a single display</li> </ul>
	<ul> <li>View near and far video windows at the same time</li> </ul>
	<ul> <li>Alternate layout views supporting near end, far end and content</li> </ul>
User Selectable Camera Icons	<ul> <li>Use icons that represent your industry</li> </ul>
	<ul> <li>Intuitive icons match the input device</li> </ul>
	<ul> <li>Custom name gives the icon clear meaning</li> </ul>
	<ul> <li>Selection – 5 libraries to choose from</li> </ul>
	Decreases learning curve
Display Configuration Choices	Allows you to configure displays for your application
	Single or dual displays
	XGA or NTSC / PAL
	<ul> <li>4x3 or 16x9 formats</li> <li>Decide what shows on each display, near end, far end, or content</li> </ul>
	Platform Versatility
Integration with Microsoft® Live Communications Server (LCS) via SIP	<ul> <li>Integrates directly with Microsoft collaboration infrastructure</li> <li>Registers and authenticates with Microsoft LCS 2005</li> </ul>
	<ul> <li>VSX users can be added to Microsoft Communicator</li> </ul>
	<ul> <li>Presence information sent to LCS indicating video buddies' availability</li> </ul>
	<ul> <li>You can use your Buddy list to launch calls from the VSX 7000s user interface</li> </ul>
Supports up to (3) Microphone Arrays	<ul> <li>Maximum coverage for extended rooms</li> </ul>
	<ul> <li>Polycom StereoSurround support makes installing stereo even easier</li> </ul>
	<ul> <li>Great audio pickup from every corner of the room</li> </ul>
	<ul> <li>Each participant is near a microphone</li> </ul>
	Pin-point accuracy on the active speaker with multiple microphone arrays
	<ul> <li>Ceiling Microphone Array can be seamlessly incorporated; provides coverage up to 40ft in diameter</li> </ul>
Internal Multipoint Software	<ul> <li>Optional upgrade easily done with a software key</li> </ul>
	<ul> <li>Conduct meetings beyond just point-to-point</li> </ul>
	<ul> <li>Increase productivity by including key people on the call</li> </ul>
	<ul> <li>Adding sites during a call can lead to quick decision making</li> </ul>

	<ul> <li>Supports up to 4 video and 1 voice call in a single conference</li> </ul>
Secure FTP, Telnet and Web	<ul> <li>VSX systems are the most secure video conferencing solutions in the industry</li> </ul>
	Now, all access to the VSX system can be secured including
	accessing the VSX system via web-browser as well as secure telne
	and ftp access via SSH for secure system administration and
	application connectivity
Advanced Encryption Standard (AES)	Communications are confidential and secure
	<ul> <li>Authentication by the National Institutes of Standards means it's</li> </ul>
	credible
H.460 NAT/Firewall Traversal	Built-in, no extra hardware required
	<ul> <li>Standards compliance for traversing NATs and Firewalls</li> <li>Session border controller (V2IU) is only needed at the central</li> </ul>
	location and all VSX systems with H.460 can communicate through
	the single V2IU
	Uses H.460.18 for signaling traversal and call establishment and
	H.460.19 for media traversal
IP (H.323, SIP or SCCP), ISDN or Serial	• IP is standard and you choose the H.320 interface best for your
Connectivity	application
	Choose the right option for your specific network connection
	<ul> <li>SCCP – integration with Cisco Call Manager (in 128 MB systems)</li> </ul>
	<ul> <li>Supports UPnP and NAT for automatic setup of conferences</li> </ul>
	conducted through firewalls
	Wide range of IP QoS services to insure call quality and integrity
	<ul> <li>Optional H.320 interfaces include Quad BRI, PRI, V.35, RS-449 and RS-530</li> </ul>
Multiple Use RS-232 Port	• RS-232 port
······································	Camera control, Polycom or others
	Transparent data pass-thru in H.320 or H.323
	<ul> <li>Peripheral options from Polycom Custom Products</li> </ul>
E-Mail dialing format when dialing across	<ul> <li>Easy and intuitive E-mail video dialing</li> </ul>
IP security boundaries	<ul> <li>Operates with Polycom's V2IU<sup>™</sup> Firewall Traversal Appliance</li> </ul>
	<ul> <li>Deployable to wide range of customers, suppliers and partners</li> </ul>
	Interoperability
Part of Polycom's Unified Collaborative	<ul> <li>Remote management through Global Management System<sup>™</sup></li> </ul>
Communications	<ul> <li>MGC Click &amp; View<sup>™</sup> offers a variety of layout templates for</li> </ul>
	multipoint call right from the system's handheld remote
	• Expand the audience over audio and video with an MGC <sup>™</sup> bridge
	<ul> <li>Extended conferencing with Polycom PathNavigator™</li> <li>Ochecked a invite participants and parameters for any formula to the second sec</li></ul>
	<ul> <li>Schedule, invite participants and manage conferences easily with Polycom Conference Suite</li> </ul>
	<ul> <li>Expand meeting capabilities by adding voice-only participants using</li> </ul>
	the SoundStation VTX 1000 conference phone
	Use the Polycom SE200 for management, scheduling and
	gatekeeping
Standards-based	Solid, reliable platform
	<ul> <li>Qualified by independent test labs</li> </ul>
	<ul> <li>Interoperates with other vendor's systems</li> </ul>
	<ul> <li>Easy to install even in a multi-vendor environment</li> </ul>
Baseline Mode	• Set your system to baseline mode, H.261 and G.711, for maximum
	interoperability with legacy video conferencing systems
	<ul> <li>Accessible via web, FTP or on-screen UI for easy access by the natural administrator.</li> </ul>
	network administrator
	<ul> <li>Can be turned on and off as needed</li> </ul>
